Dresden Microelectronics Academy

Are you fascinated by the latest innovations in the semiconductor industry?
Are you interested in gaining practical first-hand and top expert knowledge?

Then apply now to Dresden Microelectronics Academy!

GLOBALFOUNDRIES, Infineon Technologies, X-FAB and TU Dresden will familiarize you with the fascinating world of semiconductors. Be part of a dialog on today's and tomorrow's challenges of this path-finding industry. Experience lectures and guided tours with industry professionals as a deep dive to one of the most compelling work environments for top engineers.

As an advanced student, postgraduate or postdoc, take benefit of the opportunity to get in touch with leading-edge semiconductor companies.

Come and experience Dresden – Europe's leading microelectronics center!
